

LPN Operation Centre for Flood Relief (LPN-CFR)

The Labour Rights Promotion Network Foundation (LPN) has established a contingency plan to prepare safe and clean water to supply to flood victims living in Central area: Bangkok, Samut Sakhon, Samutsongkram, and Evacuation Centres at Ratchaburi province. We have, therefore, purchased a Water Purification Reverse Osmosis Plant, which has capacity to produce 6,000 litres of clean water per day, to be installed at the LPN Office.

Water purification reverse osmosis plant and installation cost: 209,650 Thai Baht

Anyone is interested in making financial contribution for the purchase, please contact us.
